Otto, wing, Shelby, Laura, Nigel and Franz walked into the auditorium because after the contessa died they take the tour around h.i.v.e suddenly they sore a sight that won't leave minds in any hurry raven walking in with a ice pack to her head "omg!" Otto exclaimed but the rest of them were desperately trying to hold their laughter in "either one of you laugh and you will be cleaning the toilets for a month".

"don't you think that is a bit extreme raven" wing said "no and I have a good reason for this" raven snapped "go on" Shelby said "well do you know sometimes we get those strange kids who have powers" explained raven clearly showing that she doesn't like always going to get some kids "well I had to get some, and it was harder than normal today because normally they have just one but these happen to have a lot of powers and they basically with a hugely unfair advantage they fought me and won" then suddenly form behind they head a voice "hey guys look it's crazy Russian lady"and behind raven was a small group of six boys all of them where avarege hight but the first one had white hair then the next two had brown hair the next one had brown/blond hair and the last two also had brown hair "that's them" raven muttered under her breath

"So we here you have been beating up our friend aka the crazy Russian lady" by this time raven had walked out of the room still holding the ice pack to her head "well that is wrong and by the way my name is David and this is Ryan, Cameron, matt , George and Nathan your friend and a load of her thugs attacked us" David replied in a modest

voice.
